- PSSOH (Primena Slobodnog Softvera i Otvorenog Hardvera)
- *Citizen science*

- Izveštaj Evropske komisije za 2020. godinu – odeljak 25

On **research and innovation policy**, the main priorities of the European Research Area are incorporated in the strategy on scientific and technological development. Some progress was made with the new law on science and research and the adoption of the first smart specialisation strategy, although an action plan for the strategy has yet to be adopted. A new funding mechanism, the **Science Fund**, was established, bringing more competitive approach into the national system. National open science and open access initiatives are well underway. The Strategy for the Development of Artificial Intelligence for 2020-2025 was adopted in December 2019 and an action plan for its implementation is being developed. In the 2020

- pozicija otvorene nauke u Horizontima Evrope
- ORE – Open Research Europe

## Ciljevi:

- razvoj servisa za istraživače
- postati deo Evropske infrastrukture (svake vrste)
- održivost – u svakom pogledu
- nova zanimanja – promene radnih procesa
- uključivanje više ljudi

ToNUS - Tim za otvorenu nauku u Srbiji (samo osnovan)
